RE: Proceeding 05-247

Dear Sir or Madam:

I am writing on behalf of Continental Airlines Petition to the FCC. I am a frequent traveler, spending over 250 nights in a hotel per year, and well over 100 flight segments. I am based in the New York/New Jersey Metro area, calling Newark Airport my home airport. I rely on internet access at Continental's Presidents' Clubs throughout the country while traveling. I would like Continental to continue to provide it's own free service with in the confines of their Club Locations, including their location at Boston's Logan Airport.

I have no problem with paying for wireless internet access where needed, but to have Continental provide it's free service as part of the membership fee to the Presidents Club has been a great benefit. I think that we should have the right to choose the provider for our wireless services.

Thank you for your time in this matter.

Sincerely,

Kevin M. Callahan
